SALEM CITY SCHOOLS
Focus on Personalized Learning
November 1, 2018

Personalized Learning is an intentional approach where teachers create, students create and/or students and teachers co-create authentic, relevant, and rigorous learning experiences.

Agenda

8:30	Check in, Welcome and Overview	Alan Seibert, Superintendent Meet at the School Board Office 510 S College Ave, Salem, VA 24153
9:30- 11:30	School visits.	Visitors will receive maps and directions to the schools they choose to visit. All schools are within a few minutes' drive from the School Board Office. Visits will include classroom observations and time to talk with teachers about their approaches to personalized learning. South Salem Elementary: Student-driven choice in reading and math with a focus on developing self-regulation skills. West Salem Elementary: Personalizing performance-based assessments and computer science. East Salem Elementary: Personalizing learning through Digital Innovations in 1:1, coding, digital research and writing. GW Carver Elementary: Collaborative personalized interventions: a unique approach to tiered intervention. Andrew Lewis Middle: A team approach to personalization Salem High School: Competency-based learning and assessment.
12:00- 1:30	Lunch, debriefing, discussion	School Board Office
