

Our Student-Centered Coaching Workshop is Going Virtual!

Learn how to implement an evidence-based model of instructional coaching that shifts the focus from “fixing” teachers to partnering with them to reach their goals for student learning. This flagship course sets up coaches to fully implement Student-Centered Coaching in their school or district. It is based on *The Essential Guide for Student-Centered Coaching*. We have discounted the registration fee to allow for you to buy a copy of the book before the sessions begin. Sessions will include:

Session 1: Why Student-Centered Coaching Matters

Session 2: Coaching Cycles: An Essential Practice

Session 3: Understanding our Impact

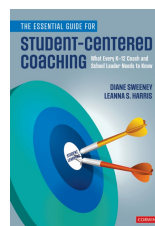

Session 4: Student-Centered Coaching Conversations

Session 5: Building a Culture Where Student-Centered Coaching Thrives

Session 6: Systems to Make Student-Centered Coaching Happen

Session 7: Supporting and Evaluating Coaches

Session 8: Putting it All Together

Self Paced, Asynchronous Course

\$350 USD, per person

You can enroll at any time and take the course at a pace that meets your needs. In this way you can focus on the sessions that are most meaningful to you, or you can move through the whole course. Each session involves approximately one hour of coursework and a certificate of clock hours will be provided. At this time we aren't able to offer university credit. Participants will purchase their own copy of *The Essential Guide for Student-Centered Coaching* (Sweeney and Harris).
