

2018 Teacher-in-Action Grant Proposal Template

1. **Identify the Challenge:** Describe the learning environment of your classroom and the challenge you plan to address. What question will you pursue and why will it matter to students?
2. **Present the Action Plan:** Describe the proposed action plan. Please address the following questions as you develop your proposal.
 - What action steps will you take to pursue the answers to your question?
 - How does research support these action steps?
 - How will data be collected and analyzed?
3. **Envision Success:** Explain how the proposed actions will contribute to student growth and achievement. Consider how the analysis of data will determine the impact.
4. **Request Funding:** Submit a budget request and explain how the funding will support the implementation of your action plan.
5. **Be a Teacher Leader:** How might you plan to communicate your findings to peers across the state so that others may benefit from your learning? Options to consider may be a VASCD guest blog, a VASCD journal article, a VASCD conference presentation, or a podcast.
6. **Grow through Professional Learning Networks:** How has your relationship with VASCD inspired, in part, your proposed solution?
